4. Confirm product's Bluetooth name

5. Enter the main interface of the product

6. Use CarPlay

AirPlay projection

1. Disconnect Bluetooth connection

2. Double-press this button to enter AirPlay interface and follow the interface prompts to operate.

3. Enter the main interface of the product

4. Use AirPlay

How to quickly switch to another phone

- 01** The device takes record of the last two recently connected phones.

- 02** Restarting the device automatically connects you to the last connected phone.

- 03** Pressing this button will automatically disconnect the current phone with a flashing red light.

- 04** When the light turns blue, it will automatically connect to the other recorded phone.

Switch to AirPlay mode

Upgrade mode for Android phone

Factory reset data

Firmware update

Firmware updating is NOT recommended when every function works well.

NOTE! The red and blue indicator lights will flash alternately while updating. Wait for more than 30s after light is always on, then disconnect and reconnect the adapter from the USB port to finish the whole update.

Update on iPhone

1. If your iPhone is connecting to the wireless CarPlay, enter **192.168.1.101** on iPhone's browser, next tap "**Update**" if there is an update available.
2. If your iPhone could not connect to the wireless CarPlay, please join the adapter's WiFi network [**AdapterMX-xxxx**] by manual and the password is **88888888**. Next enter **192.168.1.101** on iPhone's browser, and tap "**Update**".

Update on Android smartphone

1. If you have connected to the Android Auto wirelessly, disable Bluetooth and forget the WiFi network first.
2. While powered on, press the button and hold for 3s then release. The LED indicator will switch to green light after 1-2 seconds.

3. On your phone, go to **WiFi >> Advanced settings >> WiFi direct**, tap [**AdapterMX-xxxx**] and make sure it has connected.

4. Enter **192.168.1.101** on smartphone browser, next tap "**Update**" if there is an update available.

How to report an issue

If you encounter any issue while using the adapter, you could directly report the issue online and send us the screenshot of the feedback. We will fix it as soon as possible.screenshot.

The screenshot shows a feedback form with the following sections:

- System Version**
 - Build Number: 21112927.1284.2
- Choose Headunit**
 - Unit Type: Factory OEM CarPlay Unit >
- Problem Description**
 - Car Make: E.g. Toyota
 - Model Name: E.g. Corolla 2.0
 - Year: E.g. 2020
 - Detailed description of the problem:
 - Please enter text here

At the bottom of the form is a green **Submit** button.

- For iPhone users, please enter **192.168.1.101** on your iPhone browser to submit the issue details after connected to the WiFi network
[AdapterMX-xxxx]
- For Android users, please follow the steps of **[update on Android smartphone]** on the previous page, then enter **192.168.1.101** to submit the issue.
